VALUES

Health Equity - We believe that differences in health outcomes are avoidable and unfair and are shaped by the social determinants of health including, but not limited to: social inclusion, access to shelter, education, income and employment security, food and stable ecosystems.

Social Justice - We believe in the dignity and self-worth of all people and their right to peace, security, safe affordable housing, education, food, income, a healthy environment, quality health care and equity.

Inclusion & Respect - We believe that everyone has the right to be culturally and socially accepted, welcomed, and equitably treated. South Riverdale CHC ensures an environment free from discrimination and harassment where respect and dignity are practiced and upheld.

Holistic Approach - We believe that health is a state of physical, mental, social, and spiritual well-being and considers the whole person and the interdependence of their various strengths and needs.

Meaningful Community Engagement - We believe that communities can make meaningful changes to impact health and that the role of South Riverdale CHC is to work with communities, community members, groups and agencies to achieve this.

Evidence Informed Practice - We believe that diverse sources of knowledge inform our practice, and we are committed to mobilizing knowledge generation and exchange for this purpose.
